

Dear Caryn International and Staff,

Performance 1 was a very fun and enjoyable class to take. I walked into the first session a girl, by the fourth session I walked out a woman knowing what I wanted. In just one month I have learned a lifetime of beauty advice. I also learned about make-up, skin care, the runway, diet, nutrition, and self-confidence. I was never comfortable with my body or being on the runway but with the help of my classmates and my teacher (DeAnn) who never gave up on me. I feel a little more comfortable in my skin and I feel more confident on the runway. Thank you for everything you've taught me.

Sincerely,

Amber Stauffenecker
