

First of all I would like to thank DeAnn for being my teacher at Caryn's for the past 4 weeks, it has been great having you as a teacher. I have learned so much from you in your class. Thanks again.

I have learned that it takes kindness and personality to get a job in addition to how you look. I have learned how to use proper manners and not to say yep, um, like and nope. I have learned that you should eat healthy to look your age. Also, not to wear clothes that make you look way older than you really are. We have learned how to walk down the runway and both girls and boys modeling poses.

I plan to use all of these lessons in the future to be more respectful to other people and me. I will use these tips if I start modeling or acting. I will use this my whole life now and later. Thanks again DeAnn for making me a better person I have really enjoyed this class.
