

Dear Caryn and Deanne:

I am absolutely thrilled to have taken performance one and now move onto promodeling. I feel like I am accomplishing my dream and I hope I can become the best I can be. My dream is to get onto a magazine cover and into commercial acting. I have always been the kid who wants to be in all the pictures. I am very photogenic and I love to be on camera's. I learned a lot in performance one and a lot from deanne herself. I have learned a tremendous amount of information on nutrition, make up, self confidence, and what I want out of this business. I am going to work as hard at my dream as possible and hopefully go to the IMTA. I am very impressed with your modeling agency because your not a scam. I feel so confident and good about who I am. Today I can actually look in the mirror and like what I see. Today I can walk down the hall and feel good about myself emotionally and physically. Four weeks ago I couldn't do any of that. I hope to learn more about the business and hopefully get into the business one day myself. Thank you so very much.

Sincerely, Jessica Thorpe
